DALEMEAD

The Christmas entertainment which was held in the Community Hall achieved everything that a Christmas program should be. There was movement in it for those who came to laugh, and plenty of variety in it to suit the taste of practically all those present. The Hall was packed. A large number of folk from the adjoining communities of Carleton Place and Langton, as well as from Calgary and Strathmore considerably augmenting the attendance. Ralph Conner as in previous years again acted as chairman, and filled that office to perfection. A word ought also to be said about the particularly pleasing effect of the Hall decorations. The work of Mr. D. J. Amhurst and a group of students from the High School.

The program was particularly good this year. A mild word of criticism might be dropped as to the length, but since the opportunities for public expression amongst the young folk are all too few and since simply everybody must be given an opportunity to make some contribution towards the program

It is hardly a charitable thing, particularly in this time of depression, to grumble. Great credit is due to all of the teachers for their painstaking efforts in bringing this event to such a successful conclusion.

The Atholgate School taught by Miss Jane Hae came out with a particularly fine display of presentation in "An Evening With Mother Goose". The costumes in this act being especially good and very elegant. Miss Edna Counts from the Atholgate School also came with a splendid playlet entitled "Christmas Waking".

In which a wealthy couple were lamenting the fact that Christmas had lost much of its former glamor and satisfaction. It developed that the father had neglected his son some years previous, for some youthful folly of a rather serious nature. It required the intervention of the mother, who was very fair like in her daily costume to melt the heart of the old man. The story ended to everybody's satisfaction.

One of the most effective presentations of the evening, and at the same time one especially well performed came from the Strathmore School and was entitled "The Fourth Wave Man". A fine moral ran through this presentation and when the curtain finally lowered received rounds of well merited applause. Other numbers by the Strathmore School were "The Little Girl" and "The Little Girl" and a drill in which all boys participated, namely James and Neil McKinnon, Kenneth Pinner, Carl Pinner, Oscar Shogren, Miller Miller, to Miss Anne Grey, the teacher of this school great credit is due. The final contribution to the Christmas entertainment was this year made by the pupils of the Oakdale School who under the direction of their popular teacher Miss Maude Whitem gave a good account of themselves. A pantomime, and several short playlets featured Miss Maude Whitem's program.

Of course everybody will agree that quite the best contribution to the evening's entertainment was made by good old Santa Claus himself, who despite the fact that he had depression in the leg, managed to wiggle through the place. O what a jolly old fellow was Santa Claus this year, and in his pack, quite as interesting as the good old gentleman himself, were many goodies for the youngsters present, and to which they were in due time treated. The program was an interesting one, and everybody including the reporter enjoyed it to the full.

CHEAP MONEY AVAILABLE IN AUSTRALIA
 The Lethbridge Herald replying to the current government stand on sound money, produces a statement received from the Australian section of the Empire News Union. This reads:

The conversion of the New South Wales London loan at 100 millions at a rate approximately to its effective four per cent, has indicated good prospects, in a period of declining interest rates, or conversely about 90 millions or over some early next year. Money grows cheaper. At the end of Sept, 1932 the deposits in Australia's associated banks showed an excess of 25 millions over advances. In September of 1931 the excess was 15 millions.

Government accounts for the current year show that the aggregate deficit for Commonwealth and States at the end of June next will be well within the limits of the bank rates by the Premier's plan, which was explained in past issues. Political stability has been restored. The country has advanced to a new level of confidence on a sound basis, bringing expansion in the revenue, taking advantage of cheap money to assist its industries, encouraging industry and losing no chance of putting its unemployed—the number some 100,000—back to work. Cheaper money has given a stimulus to the building trade, and is gradually extending investment in production. A relatively small upward movement in most wholesale prices will have a notable effect upon Australia's prosperity.

Australians are paying their debts, building new buildings, buying the goods made in their factories and imported in trade for their wheat. Australia's best prospects and exhibit a feeling of buoyancy which is in direct contrast to the strangled feeling of every Canadian farmer.

NIGHTINGALE
 Mr. and Mrs. H. H. Hinton spent New Year's with the former's sister Mrs. Pannam at Okotoks.

A good crowd from Nightingale attended the Cinderella Dance in town. Among them was Al Treason who was enjoying himself so much that he froze his radiator badly.

Katie Gorman left last Thursday night for Winnipeg, Manitoba, where she will attend the Weyburn Collegiate.

Edna Kinnison has returned to Strathmore after spending the Christmas holidays at home.

Don't forget the big dance on Friday night January 6th. Everybody come.

There is no skating around Nightingale yet except on the Serviceberry creek. Let's hope we have a hockey game here before seeing starts.

ing the dollar must attach a 2 cent stamp purchased from the city. When thirty six stamps are attached the city redeems the paper for \$1 in ordinary money.

It is no exaggeration to say that the vast majority of the American people believe that some form of currency reform is needed in the United States. The present monetary system has bogged down under the weight of credit which has been piled upon the base structure of gold and it no longer functions effectively.

Nature ever have been proper; hesitant about tampering with their currency system. There is a natural reluctance to do anything about it now. But manifestations such as the Hawarden development will serve as an inspiration to consider seriously the needs of the people and their growing determination to take matters into their own hands.

From a broad viewpoint, the principal value of the Hawarden idea may be the stimulating effect it will have upon statesmen, economists and financiers in their efforts to attempt to right present

DEATH OF EX-PRES. COOLIDGE

Continued from Front Page
Speaker John Nance Garner
named a committee of 15 to repre-
sent the House at the funeral,
headed by Representatives Henry
Bacon of Illinois, the Democratic
floor leader, and Bertrand Snell of
New York, the Republican floor
chief clerk.

Vice President Charles Curtis—
a senator when Coolidge was Vice
president and presiding over the
senate—will designate a senate
committee tomorrow. In the shock
at Mr. Coolidge's passing the sen-
ate forgot to authorize the selec-

On the subject of the death of
President Coolidge, the first Canadian
to be elected president and the
first to be elected to the White
House, the following facts are
interesting. He was born in
Pittsfield, Mass., Jan. 31, 1892.
A total of 1,112,122 votes receiv-
ing him as president in 1923.
He was elected to the White
House from April 4 to September
26, 1929, or approximately one
year, eight months and six days
of the presidency of the
Dominion.

A movie theatre has been in-
stalled on R. M. S. terminal on the
Australian run and passengers
had the first entertainment in
that line on a recent voyage. This
is the first ship to reach Vancouver
carrying sound movie equip-
ment.

China's first woman barrister,
Mrs. Lu Sheng Kim Yee, was among
the passengers aboard the Em-
press of Russia, recently sailing
from Vancouver. Mrs. Yee ob-
tained her legal training in Eng-
land and is attached to the Hong
Kong bar.

The Canadian people seem to
have developed a considerable
taste for macaroni, vermicelli,
spaghetti and the like Italian food
preparations. Output of 14 Cana-
dian factories in 1931 was 26,
21,123 pounds as compared with
16,819,625 lbs. in 1926.

With Remembrance Day in our
minds, it is timely to recall the
brief episode of Canada's part in
the war inscribed on a tablet in
the House of Parliament at Ot-
tawa:—"Six hundred twenty-
eight thousand, six hundred forty-
two bore the badge of Canada in
the Great War; sixty thousand six
hundred sixty-one met death and
passed on."

Good hunting is reported from
the Bites Camp near Matagorda,
Ontario, on the main line of the
Canadian Pacific Railway; seventy
miles east of Sudbury. Moose
and deer are very numerous close
to the camp and in one morning
a couple of U. S. hunters secured
a fine bull moose and a deer. They
killed in the limit of their license
within a few days.

A free scholarship to be held at
McGill Polytechnique of the Uni-
versity of Montreal, offered by the
Canadian Pacific Railway to honor
some of employees of the railway,
was awarded to J. E. Levesque,
18-year-old son of Ephrem Levesque,
chief clerk at the Mile End
Station. The award entitles to
the year study proceeding in the
degree of Bachelor of Civil Engi-
neering.

Canadian Pacific Railway low
rate excursions bargain excursions,
a highly popular feature of the rail-
way's operation since February
last, have been and will be well
maintained up to the end of the
year. Outstanding recently have
been the trip to Chicago from
Montreal and the shorter trips
into and out of the major cities
from and to the surrounding pro-
vinces. The rate and a quarter
fare for return trip during the
Remembrance Day holiday was
well patronized and this conces-
sion is again to be offered for the
Christmas and New Year holi-
days.

tion of a committee, expected to be
the first thing tomorrow
The House stayed in session
about an hour longer than the Sen-
ate on being informed by Presi-
dent Hoover that a special message
of grief was en route. In this, the
chief executive said.

It is my painful duty to inform
you of the death today of Calvin
Coolidge, former President of the
United States.

There is no occasion for me to re-
count his eminent services to our
country to members of the Senate
and House, many of whom were
so long associated with him. His
entire lifetime has been one of a
single devotion to our country and
he has been a high contribution
to the welfare of mankind.

Vice President Curtis, too full of
sorrow on being told of the death
of one time later issued a statement
observing the nation and lost one
of its strongest men—a man who
was liked and whose abilities were
appreciated by the peoples of the
civilized world.

The former president was char-
acterized in other tributes as not
only one of the greatest presidents
but truly and typically American,
and his death seemed a serious loss
to his community, state and nation.
As part of the month of mourn-
ing, the United States colors at
army posts and navy stations
throughout the country and abroad
were ordered at half staff.
